

Get more from your ride with rider training

SOMERSET
Road Safety

Working with you to reduce casualties

www.somersetroadsafety.org

We provide a range of rider improvement programmes for all levels of rider and machine. Whether you're a new rider, commuting for work or a sports biker, they will enhance your skills and biking enjoyment.

ON YA BIKE

Designed to equip new riders for the road. With lower speeds of smaller bikes young riders tend to survive crashes but injuries could be reduced by wearing suitable protective clothing and early intervention.

MAX RIDER

Designed to improve performance and increase safety margins it helps you explore a riding style to make best progress, plan ahead, get the positioning right every time, and maximise your braking.

RIDER PERFORMANCE

Incorporating skills training, theory and offering a different approach to rider development, including an introduction to the track environment. An initiative focusing on collision avoidance skills.
